

3W RGBW Spotlight (Subordinate Lamp)

Model No.: HSP3

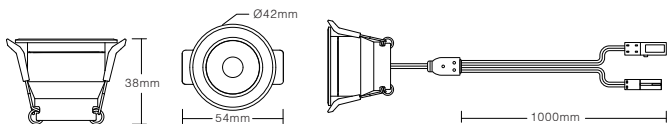

Features

- The product adopts highly transparent mask, with soft and bright light
- Comes with DuPont male and female plugs, easy to install, plug and play
- 16 million colors adjustable, saturation adjustable
- 4096 levels of smooth dimming, minimum brightness 0.1%
- Warm white 3000K (can be customized to 2000K / 4000K / 5000K / 6000K)

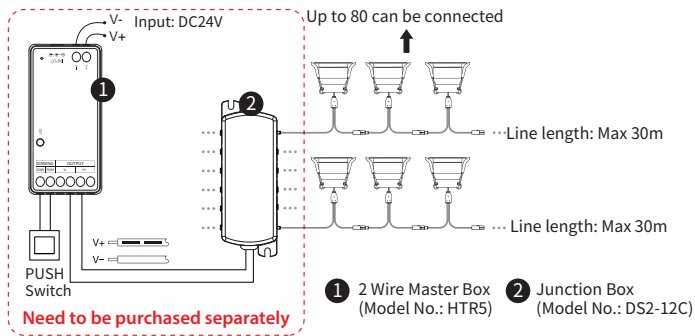

Parameters

Product Name:	2 Wire Master Box (2.4GHz)	Dimming level:	4096 levels
Model No.:	HSP3	Dimming Range:	0.1%-100%
Input voltage:	DC24V	Dimming Curve:	Logarithmic
Power:	3W	EMC Standard (EMC):	ETSI EN 301 489-1 V2.2.3 ETSI EN 301 489-3 V2.1.1 ETSI EN 301 489-17 V3.2.4
CRI:	>80	Safety Standard (LVD):	EN IEC60598-2-1:2021 EN IEC60598-1:2021 EN IEC 62031:2020 EN 62493: 2015/A1:2022
CCT:	3000K	Radio Equipment (RED):	ETSI EN 300 440 V2.2.1
Luminous flux:	61LM	Certification:	CE, EMC, LVD, RED
Light FX:	76LM		
Beam Angle:	36°		
Working temperature:	-10~40°C		
Opening size:	Φ33-36mm		

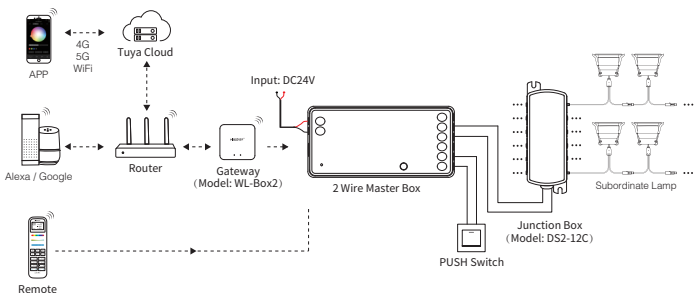

Connection Diagram

This product needs to be used with a MiBoxer 2-wire host box (HTR5) and two-wire DuPont junction box (DS2-12C)

Application Diagram

Notice

1. When installing the device, please turn off the power to ensure safety.
2. Please check if the input voltage is consistent with the device.
3. Non-professional users cannot disassemble the device directly, otherwise the device may be damaged.
4. Do not use the device near large metal areas or areas with strong electromagnetic waves, otherwise the remote control distance will be seriously affected.
